Welcome - New Member(s)!

1. DJ Applications

- Online Apps? Yes, but with option for hand written (particularly for creative portion).
- Will be designed/up (hopefully) this week.
- Can use Adobe pro/InDesign to make universally editable PDFs for direct submission- the data entry on our part is no more than a copy/paste job.
- Put on WHRC site and Go! Boards.
- Still print some paper applications and send mass email reminders.

2. Schedule

- Intro Meeting for DJs plan 2 Mondays from now
- Apps due on the 31<sup>st</sup> (Next Wednesday)
- Tabling all this week-Turbs will send out schedule
- Should we have a general WHRC info session? Will anyone go?

3. Red Star DJs

- No responses so far—send out another email reminder
- Offer special post production to red star shows
- Gen has a template for flier advertisements—but need tweaking
- Need more clarification in advertising—emphasize that it's no extra work for DJs
- Make longer show length an option, not a requirement

4. Misc.

- New DJ Computer! Moser putting software on it
- iPod management program will allow music to be added to the DJ comp—encourage all DJs to upload their iPod music—program will prevent duplication of files.
- We want to do T-shirts this semester—talk about later.
- About \$1300 in reimbursements pending
- Alice Cooper? SURE!
- Broadzilla to perform in Founders
- What the hell is Glen Meade?

Hi All,

Thanks to everyone who attended our meeting today, and to the rest for patience with our motivation-slump.

We decided a few things today:

- There's not much demand for podcasting, recorded events and a physical blog. It seems like everyone is interested in streaming and sharing music. So that's what we'll move toward doing for the next semester.
- This doesn't mean we're going to shut down the website/blog, not accept music reviews/content, and not produce that type of content - but as a group, we'll focus on getting this server up, and setting up a framework for people to DJ and share music on the air. We still want a diversity of content, so non-music content is very welcome, just not emphasized.
- We need money to do all of this (ie. royalties! broadcasting fees!) So, we're going to have a fundraiser a few weeks from now.

FUNDRAISER DEETS: christmahanukwanzaakah

Concept: During the holiday season we turn on the radio for christmas/holiday tunes. We want to do an event that's a reminder of what kind of community-based radio programming can bring us all together. We'll call it something like "christmahanukwanzaakah (and atheists too)" or something light-hearted/funny.

-Event in the DC sunken lounge - holiday music/records playing, plus good hot chocolate, spiced cider,

christmas cookies and candy canes; decorate gingerbread cookies activity

-open mic during 'dead air' time - people can come and play their favorite christmas song or tell a holiday story (good, bad, sad, whatever).

-We can try to ask different groups on campus/professors/the DC to donate a tray of Christmas cookies, or something small

-We'll ask for donations at the event - a couple dollars here and there.

-If we can get a tree, maybe we can invite the President to light the tree.

#### MUSIC ADS

-to advertise for the event, we're going to ask different musicians at Haverford to sing/perform/play us their favorite Christmas song - either posted on youtube or as a podcast on the site - and then just plug our event at the end. Could be any kind of holiday song or rendition of one.

-We'll try to get the coop/giac/various screens on campus to play some of the videos.

-we might also go christmas caroling to advertise.

#### HOW CAN YOU HELP!!

-If you know someone who wants to perform a song for us, let me know!! Either at the event itself or for an advertisement, you can do both! It can just be your favorite holiday tune, something you've written or a creative version of a traditional song

-you can bake something for the party or volunteer to help organize things for the event: food, soliciting donations, decorations, or bringing in a group you're already a part of to help

-you can edit VIDEOS or AUDIO for the ads (in need!)

-you can make fliers and shit like that

(and more if you want to get intimately involved)

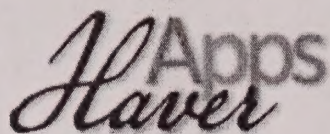

We're excited! You should be too! Let us know if you want to help.
